Art Unit: 1752

1. Claims 1, 2, 5-7, 11-16, 18, 21-23 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Bredoux et al. for the same reasons as set forth in paragraph 3 of the first office action filed 9-12-06. The piperidine amines and pyrrolidine amines of Bredoux et al., as used in examples 1, 3, 5 and 7, are secondary alkyl amines as required by the instant claims which do not exclude the alkyl groups <sup>from</sup> ~~form~~ forming a ring.

Applicant's argument that original claim 4 was not rejected over Bredoux is unconvincing since the instant claims do not require the molybdenum of original claim 4 and its parent claim 3.

2. Claims 1, 2, 5-8, 10-16, 18, 21-24 and 27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bredoux et al. in view of Inoue et al.'409. Bredoux et al. disclose imagewise exposing elements as set forth in the instant claims to uv light but does not disclose using a uv laser. However, since Inoue et al. ( col.2, lines 47-68; col.8, line63-col.9, line7 ) discloses that imagewise exposure of uv sensitive organic amine metal compounds may be accomplished by exposure using uv lamps, flashes or lasers through a mask or direct imaging by scanning laser, it would be obvious to one skilled in the art to use uv lasers to provide the called for imagewise uv exposure in Bredoux et al.

3. Claims 3, 9, 19, 25 and 28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1752

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication should be directed to Richard L. Schilling at telephone number 571-272-1335.
